Zelexis one of the most popular sex doll brands. Their well-known and unique sexy models really catch the eye. High-quality and durable bodies and emphasized features make them almost cartoon-like, but still really hot. Enjoy plenty of pleasure and good times with Zelex Dolls.

Based on the original silicone material, ZELEX's proprietary silicone factory has developed its unique elastic, strong, and non-toxic **SLE (Safety Less-Vinyl Elastomer)** that is softer than ordinary silicone and more realistic than TPE, combining the advantages of both materials.
