We Vibe Vector Plus-Vibrators

Designed to perfectly stimulate the prostate is the We Vibe Vector Plus. You'll be pleased with the app controlled rumbling movements giving you some knee shaking vibes. The flexible neck makes it easy to move around and change position. The ergonomic curves of the shaft allow this to perfectly pinpoint the areas that you need pleasure. The extended base reaches to massage your entire lower half. The smooth outer texture is made up of a high grade body safe and waterproof silicone material. In your kit includes a magnetic USB charging cable for endless fun. Feel free to pair with your favorite water based lubricant. Have you or a partner take control by connecting to the We Vibe app which takes over your Vector Plus.
